Hi Deborah. This e-mail confirms TPI's understanding that the attached letter addressed the requirements as set forth in Paragraph 5(a)(i) of the above referenced Final Order. Given the fact that container described in the inspection report as being located at Column 36 HWCSA was permanently taken out of service in February 2015 and that the process associated with this container (spray painting) was permanently discontinued, it was TPI's understanding that the matter was closed and that we had satisfied the Paragraph 5(a)(i) requirements.

Pursuant to our discussion today, I confirm that the conditions stated above remain unchanged from when they were last reported to you on March 2, 2015.

Please let me know if you need any additional information regarding this matter. Otherwise, would you please confirm your receipt of this information?

Thank you,

Dave Lloyd

Re: Consent Agreement and Final Order; RCRA-07 -2014-0014.

Dear Deborah:

The following information is being submitted to comply with the requirement as set forth in Paragraph 5(a)(i) of the above referenced Final Order.

The container described in the Inspection report as being located at Column 36 HWCSA was permanently taken out of service during February 2015. The process associated with this container (spray painting) has been permanently discontinued.

The submission of this information represents the last open item associated with the referenced Final Order. If you require additional information regarding this matter please contact me immediately at 401-247-4096.

Sincerely,

Dave Lloyd
